SENATOR WALDRON: Mr. President, I will consent to bracket this bill when it's placed on General File because I think that's where it is. So we can put the proper pressure on the Congress and the President to change their position on Daylight Saving Time which they are coming around to. And I would like to make a remark to the Chairman of the Urban Affairs Committee, when the hearing was held there, the Chairman jokingly said that really that the bill had no chance, and then he expected me to stay around to seriously consider it after that. After he had made a big joke out of it. And just yesterday, I had to leave early for an appointment yesterday. He jumps before Executive Session and says he has an appointment to make and he says I've got to leave early, so we won't have an Executive Session. So let's don't..let's don't criticize one another for things that we have to do to make our various appointments. And so I sort of take that to heart. Let's bring this bill out and bracket it. And then we'll have it there in case to show the Congress and to show the President that we're not satisfied with winter Daylight Savings Time and that's all we need to do it's just an expression. It's an expression of what we feel the Nebraska public think of winter Daylight Savings Time.

PRESIDENT: The question is do you sustain the motion to bring the bill out of committee LB 651. All those in favor of the motion will vote aye, all those opposed will vote no. Have you all voted? Once again have you all voted? Clerk will record.

CLERK: 26 ayes, 11 nays, 13 not voting.

PRESIDENT: LB 651 will be placed on Select File and Bracketed. Excuse there wasn't a motion to bracket. It's just..that was the intent. 651 will be placed on Select File. Excuse me, on General File. Senator Syas for what purpose do you rise?

SENATOR SYAS: I just want to ask Senator DeCamp and Waldron a question. They said they wanted the bill raised to bracket it, and now they let it..it's raised and it isn't bracketed.

PRESIDENT: No, they said their intent was that, but that wasn't in the motion. At least the Chair didn't understand that to be in the motion. So the Chair can't assume that Senator...

SENATOR SYAS: I'd just wish to say on top of that that Senator DeCamp was the one that said that..that made..that the bill ..when he testified that way and it was not Duke Snyder. The way Waldron said it.

PRESIDENT: All right, stand by. Senator DeCamp

SENATOR DECAMP: Mr. President, I'm sure Senator Waldron will join me in requesting that it be Bracketed. I would point out that since you announced it had been moved to General File. There's been roughly two seconds and he was up saying that we hadn't Bracketed the gall darn thing yet. We request it.

PRESIDENT: Are there objections to bracketing the bill on General File? Hearing none. So ordered. The bill is bracketed. Now, Senator Waldron.
